Just down 44 from STL, up 44 from Rolla, Forest City Trail is an accessible fun new trail for you to enjoy. The Missouri spoke of ChristianCycling has teamed up with Danno of Route 66 Cycles to bring you this event. Needless to say, it's a mashup of the dirty kind. If we clear any \$ on this race, half goes to cover future trail work expenses right there at Forest City Trails. The rest is blessed.
